

890-2 - Professional Thermal Imaging Camera Overview

The entry-level model of the Testo 890 high-end series means you are ideally equipped for thermographic challenges in professional industrial and building thermography. This infrared camera's rotatable, fold-out display and its ergonomic rotating handle enable measurements even in difficult-to-access places.

Features

- Image quality: IR resolution 640 x 480 pixels
- SuperResolution technology to 640 x 480
- Thermal sensitivity <30mK
