

Hot Sticks Overview

Triangular Telescopic Hotstick Features:

- Easy to transport
- Resolves the rotating problems found in round hot sticks, but provides the same strength
- Only the number of sections required for the job are extended, giving great exibility
- Any section can be replaced if it becomes damaged
- Special tools for attachment to telescopic stick 'sundial' adaptors e.g. House Service Fuse Puller (HSFP)
- Test Equipment for attachment to 'sundial' adaptors are also available

Part No.	Sections	Extended Length (m)	Retracted Length (m)	Bottom Diameter (mm)	Weight (Kg)
VTT-1/4MB	4	5.10	1.54	41	2.2
VTT-1/5MB	5	6.42	1.59	45	2.9
VTT-1/6MB	6	7.77	1.64	49	3.6
VTT-1/7MB	7	9.14	1.68	52	4.4
VTT-1/8MB	8	10.05	1.72	56	5.5
VTT-1/9MB	9	12.05	1.76	61	6.6
